

Indian River Photo Club October 2024 Newsletter

Hello Members

When hurricanes like Helene & Milton approached, we are reminded of how unpredictable and powerful nature can be. The strength of the wind, the surge of water, and the uncertainty of what's ahead can leave us feeling anxious and afraid. I hope everyone and their families were safe and out of harm's way.

I would like to thank all members who attended last month's meeting, it was nice to see everyone. All the hard work making your slideshows really showed, great job everyone! They were enjoyed by everyone.

Thank you, Ben D' Andrea, and Bill Menzies for Judging the contest. Thank you, Etta, for the refreshments. October Theme is "Spooky"

"The Historic Conflict Between Photography and Art (1860-present)" Presentation Hosted by Ted Stolar

For thirty-seven years, CCB member Ted Stolar taught photography, the history of photography and film-making at the Brunswick School in Greenwich, Connecticut. During his lengthy tenure, he created slide shows teaching photographic history as teaching aids in addition to demonstrating film developing and darkroom techniques to his students.

At the October 24 general meeting, Ted will describe and explain the cultural and artistic conflicts that arose in the years when photography rose in popularity and impacted the existing painting universe.
